

MSN adds Radiology Clients in Mississippi and Missouri

By Management Services Network

Dated: Mar 22, 2011

Radiology Associates of Oxford (MS) and Radiology Specialists of St. Joseph (MO) have contracted with Management Services Network (MSN) for billing and accounts receivable management services

Columbus, GA - Management Services Network (MSN) today announced that Radiology Associates of Oxford (Oxford, MS) and Radiology Specialists of St. Joseph (St. Joseph, Missouri) have chosen to contract with MSN for billing and accounts receivable management services. In both cases, the selections were a result of extensive search and evaluation processes involving multiple prospective vendors.

Radiology Associates of Oxford, located in Oxford, Mississippi, consists of six board-certified radiologists with subspecialized training in interventional, neuro-, and musculoskeletal radiology. The groups provides services for two hospitals and one imaging center location in the north Mississippi area.

Radiology Specialists of St. Joseph, PC is a full-service imaging and interventional radiology practice located in St. Joseph, Missouri. The practice is comprised of nine radiologists covering five hospitals and one imaging center in Northwestern Missouri.

MSN will provide the practices with comprehensive revenue cycle management services, bringing its wide ranging radiology-specific knowledge base and significant technological advancements to the groups' billing processes. MSN's services will include certified radiology coding expertise, a web-based physician portal for documentation feedback, a web-based patient portal with I-Chat, online payment and e-mail capabilities, and an extensive claims follow-up program.

"We are proud that the Radiology Associates of Oxford and Radiology Specialists of St. Joseph have put their confidence in MSN," said Bo Trotter, President, MSN. We are excited about the opportunity to partner with these two outstanding practices and welcome them into the MSN family."

About MSN:

MSN was founded in 1996 by James P. "Bo" Trotter, Jr. whose hands-on expertise as the practice administrator of a radiology practice in Columbus, Georgia, lead to the launch of the company. The company has grown to over 120 clients and more than 300 employees. MSN provides billing, accounts receivable and practice management services for more than 60 radiology practices and imaging center providers in 21 states and the U.S. Virgin Islands. MSN remains a private company, whose sole focus is the business of its physician practice partners.

###

MSN provides comprehensive billing, accounts receivable and practice management services to our hospitals and hospital based physicians in a professional and ethical manner and in accordance with recognized industry standards.
