

MSN Contracts with Access Radiology for Billing and Practice Management Services

Access Radiology, a group of 24 radiologists in Central and Southwest Louisiana, chooses MSN as its billing, practice management and integration services partner

July 15, 2011 - Columbus, Ga.- Management Services Network, LLC (MSN) today announced that it has contracted with Access Radiology, a group of 24 radiologists covering the Lake Charles and Alexandria areas of Louisiana, to provide comprehensive billing and practice management services.

Access Radiology is a consolidation of Radiology Associates of Southwest Louisiana (Lake Charles) and Central Louisiana Imaging (Alexandria). The group provides comprehensive professional radiology services to multiple hospitals and imaging centers in southwest and central Louisiana. Identifying the radiology billing and practice management company that would best fit their requirements was a part of the joint groups' integration process.

"Access Radiology needed practice merger guidance. We evaluated multiple radiology billing companies. In addition to state of the art billing software, MSN had the management expertise necessary for our practice merger," said Dr. Don Thomas, President of Access Radiology.

This agreement is a significant addition to MSN's growing presence in the state of Louisiana. "We are thrilled to announce the addition of Access Radiology to the MSN family," said Bo Trotter, president of MSN, "The group consists of many well respected and forward thinking physicians which makes this an exciting opportunity for MSN as Access Radiology continues to grow."

About Management Services Network

MSN was founded in 1996 by James P. "Bo" Trotter, Jr. whose hands-on expertise as the practice administrator of a radiology practice in Columbus, Georgia, lead to the launch of the company. The company has grown to over 127 clients and more than 310 employees. MSN provides billing, accounts receivable and practice management services for 74 radiology and imaging center practices in 22 states and the U.S. Virgin Islands. MSN remains a private company, whose sole focus is the success of its physician practice partners.

MSN seeks practices that value a true partnership based upon honest communication, professional services and superior results.
